Not all of these assurances may be pertinent to the Contractor's circumstances. This certification form, however, is standardized for general use and signing it is intended to encompass only provisions applicable to the circumstances of the Contractor in relation to the federal and state monies that are being received.

These assurances are in addition to those stated in the federal

OMB 424B (Rev. 7-97) form, known as "**ASSURANCES - NON-CONSTRUCTION PROGRAMS**", issued by the federal Office of Management of the Budget (OMB). Standard Form 424B is an assurances form that must be signed by the Contractor if the Contractor is to be in receipt of federal monies.

There may be program specific assurances, not appearing either in this form or in the OMB Standard Form 424B, that the Contractor may have to provide by certification.

This form, along with OMB Standard Form 424B, are to be provided with original signature to the Department's contract liaison. The completed forms are maintained by the Department in the pertinent purchase and contract files.

Further explanation of several of the requirements certified through this form may be found in the Department's standard Request For Proposal (RFP) format document, standard contracting requirements document, and set of standard contract provisions. In addition, detailed explanations of federal requirements may be obtained through the Internet at sites for the federal departments and programs and for Office for Management of the Budget (OMB) and the General Services Administration (GSA).
